So napake, ki so odstranjene, da film "funkcionira". Tudi v fotografiji uporabljamo ta izraz, za tiste fotografije, ki so odstranjene iz končne serije. V angleškem jeziku besedo napake prevedemo tudi ERRORS, v besedi ERRORS, če se zgodijo napake in izpadeta črki R in R, dobimo besedo EROS, iz tega sledi:

from the English OUTTAKE, used in cinema terminology. It is a part of the visual data carrier that is removed in the editing phase and is not included in the final work. These are mistakes that are removed in order to make the film "function." The term is also used in photography for the photos that are removed from the final series. Another word to denominate mistakes is ERRORS. If spelling mistakes occur in the word ERRORS, eliminating the letters R and R, the word EROS appears. Thus it follows:
